

## Welcome to the parcel service of the future

About a week after the parcel lockers have been put in place in your area, you can order to them from our online retailers. See below how to collect your parcel and scan the QR code to download app.

### Easy and convenient to use a parcel locker

1

Choose parcel locker as a delivery option in the online retailers check out

2

- Download and open PostNord app, register
- Select the parcel you want to pick up
- Identify with BankID

3

Use the app to find the parcel locker

4

- Enable Bluetooth on your smartphone
- Select the parcel in the app to open locker
- Collect your parcel and close the compartment door

\*Parcel that do not fit the locker are sent to your service point near your home

### PostNord App

App Store  
Google Play

More than 10,000 online retailers today display PostNord service points in Check Out. The parcel locker becomes one delivery option, just like for all ours about 2800 manned service points.
